

TENFORE GOLF TO OFFER GOLF COURSES UP TO \$5,000 IN FREE HARDWARE AT THE 2024 PGA SHOW

JANUARY 16, 2023

Innovative Offering Enables Golf Courses to Upgrade to the Latest Tee Sheet & Point of Sale Technology by Removing Financial Barriers.

DALLAS and BULVERDE, TX. — TenFore Golf, a cloud-based golf management software company, is launching a special offer at the PGA Show to help golf courses who want to upgrade their course software and hardware but have hesitated based on cost. Allowing golf courses to upgrade to TenFore's golf management software can save valuable resources, increase revenue, and reduce or eliminate credit card processing fees.

TenFore Golf is known for its user-friendly, cloud-based tee sheet, point-of-sale, booking engine, reporting, and marketing software for public and private golf courses. TenFore's software provides multi-course and independent course owners mobility on and off the course, versatile payment options, payment processing capabilities, concierge support, comprehensive reporting and marketing tools, and third-party integrations that allow course owners to manage their facilities without limitations. Partner network integrations include Priswing, Gallus, Golf Genius, Noteify, and Metolius, among others.

“Though TenFore has been in business for over six years, we see the PGA 2024 Show as a coming out party of sorts and wanted to do something special for course owners, said TenFore’s Chief Executive Officer Jonathan Wride. Instead of expensive advertising campaigns or a big event at the PGA Show, we are giving the money to course owners so they can upgrade their software and hardware to create a more successful business.”

The PGA Show special is available to public golf courses that sign a contract by January 31, 2024, to use TenFore Golf’s software at their facility. The hardware amount offered is based on contract terms with a one-year agreement providing \$1,500, \$3,000 for two years, and \$5,000 for three years. Hardware selection includes tablets with wireless keyboards, self-check-in Kiosks, Clover Flex, Clover POS systems, printers, and more.

TenFore Golf is a proud National Golf Course Owners Association member and will be exhibiting at the NGCOA Vendor Village at the PGA Show in booth# 2581.
